BAD STOMACH

MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year age I was fil with blood pol-

regulator and invigorator of the Stomach, Liver and Bowels.

"About a year age I was ill with blood poisoning." writes Miss Eveline Louis, of 89 Walter Street, Buffalo, N. Y. Thad what seemed to be a small cold serv on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your Golden Medical Discovery. I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The cryspelations cruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have foil better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

MULTIPLE AND SINGLE LISTS. To the Editor of the Alexandria Gazette

In your editorial of Friday regarding the multiple list system and the single list system of selecting the public school books, you appear to have missed the point at issue. It is far from being "flimsy;" it is simply this: Shall the offinay;" it is simply this: Shall the patrons of the public schools be compelled to pay from 20 to 50 per cent. more for exactly the same books by the multiple list system than they would have to pay were the single list system in force? To illustrate, Maury's Manual in force." To illustrate, Maury's Manual of Geography costs, under the former system in vogue in V'rginia, \$1.15; in North Carolina, where the single list system is in force, the same book with the same binding, paper, etc., sells for 88c. The small geography sells in Virginia for 50c, in North Carolina for 40c, and so on through the list. and so on through the list.

The cause of this difference which has cost the people of this State many thou-sands of dollars each year, lies in the choice by the Virginia State Board of Educhoice by the Virginia State Board of Education of the multiple list plan for the selection of school books, as opposed to the single list plan which was presented to the Board. Under the multiple list plan several sets of readers, arithmetics, geographics at a selected from which the county and city boards may make their choice. Under the single list plan a list of books is chosen by the State Board for the whole State. In the latter case the bidder knows that he has the whole State is formula and sent notice to Max and his New York sisters that the rest was at their power of attorney, which he has passed on for the present to the great French lawyer who defended Zola. raphies, etc., are selected from which the whole State to furnish and he makes a lower price, because of the large business and his smaller expenses for agents, sample books, postage, &c. Under the multiple list plan the publishers are at heavy expense for agents sent into the counties to advocate their books, for forwarding many sample books for the

same purpose, for postage, etc.

It is understood that most of the Southern States have adopted the single list system. The choice of plans lay with the This REMEDY Is sure to GIVE Satisfaction

There is no reason why a judiciously selected list of school books should not suit the pupils in Alexandria, Richmond, Norfolk and Danville equally well. Faithfully yours,

Rothschild Gives Quiltmaker a For-tune.

Max Fidler, the young artisan who will receive a bequest of \$48,000 from a beggar uncle whenever he goes to Europe to collect it, is making and selling less—Good for children. Sold by all drugquilts, as usual, in Cook street, Brooklyn. He is clearing \$10 a week right along while the cold weather last, and ten dollars a week is not to be despised by a man who supports four sisters, a wife and a baby, even though he will have five or six times that income in a

few months. Fidler will go to Europe and settle with Baron August Rothschild when the weather is warmer. He says he cannot spare time from the quilt business in the midst of the most propitious weather in 15 years. Meanwhile his legacy and those of the four sisters are being looked after by Lawyer Jacob Cebulsky, of New York, and Maitre Labori, of France, who accepts 15 per cent. of the sum in ques-

tion as a fee.

Max Fidler is 31 years old, comes
from Odessa, lives at 83 Cook street with the family before enumerated, and has his shop acress the street. In 1828 his Uncle Abraham was kidnapped by the Constantinoviches and put in the army to serve a term of 21 years. In 1885 he to serve a term of 21 years. In 1855 he appeared in Nice, aged about 70, collected some \$10 a month from the Russian consulate, begged at doors by day, at a crossing by night, and opened an account with Rothschild & Co.,

When he died, last August, Abraham Fidler had 2,000,000 francs deposited with the Rothschilds. In a will composed of the four words "Gelt geht zu

Comparison of Muslin

Put side by side they tell the story; the extra care and watchfulness exercised by this store shows in every garment. Night Gowns are asmost half a yard wider at the hips than others selling elsewhere at the same price. Chemises instead of being shapeless things looking like a petticoat with a top cut out in V shape are shaped to fit. Corset Covers are cut right to go over straight front corsets, and under tight-fitting bodies. When it comes to the laces and embroideries and materials from which the underclothes are made, you would in most cases choose ours with your eyes shut. You won't find a piece of muslin among them filled up with clay to make it heavy, nor anything pretending to be nainsook which is as coarse as a salt bag. Yet all of these improvements don't make our prices higher than in Washington.

Night Gowns, 39c to \$2.50. Drawers, 25c to \$1.50. Petticoats, 49c to \$2.50. Chemises, 25c to \$1.00.

The question concerns the Governor, as well as the Superintendent of Education, because the former is a member of the board as well as the latter.

You seem to be under the impression that by the single list system, the board is compelled to take all the books from one publisher. This is not the case. The list may contain the books of several publishers. It is sim-
